

Holly Tree, Opportunities

Opportunities I'm wondering
But this one is so special for me

I'll go with you, I'm sure I'll enjoy it
I know, you'll come back till the end of the story (& I don't care)

I'm gonna take it
To the end this time
Is this one the glory of my life?

Don't wanna get more regrets in my mind
Things happen, I 've gotta live my life
