

Holly Valance, Double Take

Keep off the track
And keep your feet
Down and you're only saving me
It's not easy staring at me
Look at the way I'm feeling weak

I'll wait for another double take
From you
'Cos I don't know what to do
I'll wait for another double take
From you
'Cos I don't know what to do
I'll wait

Keep off the track
And keep your feet
Turn up the face of the recipe
But I want you to come up to me
I wanna look before I leap

I'll wait for another double take
From you
'Cos I don't know what to do
I'll wait for another double take
From you
'Cos I don't know what to do
I'll wait
I'll wait

'Cos I will hide away
Will you follow me
I don't know what to say
But I know what I see

I'll wait for another double take
From you
'Cos I don't know what to do
I'll wait for another double take
From you
'Cos I don't know what to do
I'll wait
I'll wait
I'll wait
I'll wait
