

HoloChaust, Nemesis

Its all the game, not for my fame
I wont adore you
Jump from the bed, get outta my head
Its all because of my dreams

My dreams
Are
Nothing
About you
You be
Gone
Forever
Your faith delayed and mind remained
Your morals is decayed
Moons on a rise
Day another dies
One which survives are my dreams

My dreams
Are
Nothing
About you
You be
Gone
Forever
We only live one life and
Die anyway
Confident conspirator
I need no lover
Nowhere to run, no where to hide
Youll find no reason
All things i do, no more for you
Youll out of season

Cause i
Give
Nothing
To tame you
You be
Gone
Forever
We only live one life and
Die anyway
Confident conspirator
I need no lover

We only die one time and
We live anyway
Confident conspirator
I need no lover
