

Home Grown, Single All The Way

(-NaStY-)

I'm so happy now that I'm
I'm a single guy
No more relationships
'Cause i don't wanna try
To make them work out right
I'm not being nice
When i got rid of you
Was the best day of my life

Yeah..
I don't want you
I don't need you
I won't sleep with you
Stay away from me

So what your sad
I'm glad
I'm over what we had
Who cares about are past
I'm never looking back
Cry to your friends and lie
I'm the asshole type
No matter what you say
I'll always win and lie

Yeah..
I don't want you
I don't need you
I won't sleep with you
Stay away from me (x4)
I don't want you, I don't need you, I won't sleep with you (x2)
Stay away from me (repeat)
