

Home Grown, Waiting On Me

take this gun away
im not asking for sympathy
staring at the screen
im not leaving, so you wont win

Im comfortable to let you go
waiting on me
timings off, its just a show
waiting on me
my heart has stopped, desire is gone

take this cup from me
so i can breath , im on empty
my priorities are not set straight
so i can't see

im comfortable to leave you go
waiting on me
timings off, im moving slow
waiting on me
my heart has stopped, desire is gone
and i dont have the time to waste your time

life will heal my lifeless heart
but i dont have the time

waiting on me
timings off, just let me go
waiting on me
your heart will stop, i will move on
and i dont have the time , to waste your time
