

# Honey Is Cool, Nach Heart

Maybe I was just rearranging our day down by the harbour,  
maybe I would catch your time then take you to the harbour

Now theyre coming to take you  
and I wouldnt bring you nach heart  
Ive got one already measured,  
which is going to set this in parts

Baby went away, but he was crushed down and easily led  
(twice)

I've got a neat, miraculous sheet and purr, I bet it comes from underneath  
(twice)

Now theyre coming to take you  
and I wouldnt bring you nach heart  
Ive got one already measured,  
which is going to set this in parts

Baby went away, but he was crushed down and easily led  
(eight times)
