Honeydogs, Bad Day, Good Night

Get, undress and fall into our bed This can of worms is left for dead I can't wait through all this shit Come close, dear And let me hold you near It doesn't matter who's right or wrong It's always coldest before dawn

One more bad day so goodnight
Turn off the light
Don't cry now
Don't speak, don't make a sound
It's a long time losing streak
But we'll get through this one more week

One more bad day so goodnight Turn off the light (Falls) between us are standing tall Snowball in hell Drunk down in a well Chances are I will wake up with you

One more bad day so goodnight Turn off the light One more bad day so goodnight Turn off the light
