

Honeydogs, Pins in Dolls

you bought a bridge last nite
now you watching it burn
how could you see the lite
if your back was turned
well, sticking pins in dolls
and (their) thinking bout you
if the (concord's) in the air
it's probably got a pretty good view

bottom feeders, nose bleeders
the (van) is at the gates
they want a piece of you
but they're gonna have to wait

stickng pins in dolls
and their thinking but you
if the concord's in the air
it's probably got a pretty good view

come out of the dim
come into the lite
come out (here you'll see)
come out the nite

they say you're clever
and they'll say you're cute
little emperor in a birthday suit
you call the shots
the bomb, the dagger, and the firing swat
lining up to shoot

you're lying (there shaken)
when all your things were taken
and inside your (shop)
you believe
a beautiful (revere), she has a radio antenna
she's sending signals but you can't receive

sticking pins in dolls
and their thinking 'bout you
if the concord's in the air
it's probably got a pretty good view

come out of the dim
come into the lite
come out here you'll see
come out of the nite
come out of the nite
