

Honeydogs, What I Want

Don't you know you're everything to me
Everything I want, everything I need
Makes me feel like a kid again
But I don't want a (night) like you
Not like you

I can't forget what I want
No, no, no, no, no, no
It's not really what I want
I want you
I want you (I want you)

When I think about kissing her
I know it won't happen, I feel blue
Oh, yes I do
Miss her more than I want tonight
But she's an ache in my mind
That just won't go away
Maybe someday

I can't forget what I want
No, no, no, no, no, no
It's not really what I want
I want you
I want you (I want you)

When the canons go off I still hear the fireworks
I can't tell her so what's the use'
When I think about kissing her
I know it won't happen, I feel blue
Oh, yes I do
But when I think about missing her
I get lonely, I'm confused
I'm a wreck, I'm a ruin

I can't forget what I want
No, no, no, no, no, no
It's not really what I want
I want you
I want you
I can't forget what I want
Oooh, I want you
I want you
I want you
I want you
