

# Hootie & The Blowfish, I Will Wait

Aboard his ship he stops to stare  
Needs to smell her, touch her hair  
Say's "I can't be without her"  
Tonight he's going to be without her

"It's late now", she says  
Makes her mind up goes to bed  
Another night alone without him  
Another night alone in Charleston

When I wake to find the solace of  
All that we've become  
I can't wait to make the promises  
I've been leery of  
Take me down  
Let me see

I'll be there waiting (for you)  
In the morning when times have changed  
I'll be there through the lies and all  
I'll be standing like a soldier for you  
You hold your secrets  
Through the days when I need to be alone  
(I will wait) I will wait for you  
Through the rise and fall

She was left behind so they could stay  
Got to feel him this she prays  
It'd make her feel so much better  
I want to feel so much better

When I wake to find the solace of  
All that we've become  
I can't wait to make the promises  
I've been leery of  
Take me down  
Let me see

I'll be there waiting for you  
In the morning when times have changed  
I'll be there through the lies and all  
I'll be standing like a soldier for you  
You hold your secrets  
Through the days when I need to be alone  
(I will wait) I will wait for you  
Through the rise and fall

When I wake to find the solace of  
all, all we've become  
I can't wait to make the promises  
That I've been leery of  
Take me down  
Let me see

I'll, I'll, I'll be there (waiting for you)  
in the morning when times have changed  
I'll be there through the lies and all  
I'll be standing like a soldier for you  
You hold your secrets  
Through the days when I need to be alone  
I will wait for you  
Through the rise and fall

I'll be there  
In the morning when times when times have changed  
(I will wait) I will wait for you  
through the rise and fall
