

# Hope Of The States, The Red The White The Black

Mouths of dust and ruptured windpipe  
Fairytale for lying cheats.  
they're lashing out like wolves in barbed wire.  
Ring the bells and start the fires now.

The red white and the blue  
Has always been what led you.  
If you don't do something  
They'll steal it all from under you.

Board decisions, bored children  
Watch the world through gunsight eyes.  
I hijack train wrecks, sell the wheels  
No way out unless you steal it all.

The red white and the blue  
Has always been what led you.  
If you don't do something  
They'll steal it all from under you.  
You beat us black and blue,  
We're coming back to find you.

The red white and the blue  
Has always been what led you.  
If you don't do something  
They'll steal it all from under you.
