

Hope Sandoval & The Warm Inventions, Feeling Of Gaze

Got your hair all done up
Like a woman again
Got a feeling of gaze
At the doorway again

I feel alone for you
I feel alive with you
I feel a sin fading
Celebrate, celebrate

Gonna play my favorite song
Gonna play it all night long
Gonna feel a sense of falling
Gonna hush (?) my heart so (?)

I feel alive with you
I feel a sin fading
Celebrate, celebrate
