

# Horace Andy, Problems

Problems -  
Don't let them get you down

Don't let problems get you down  
It will put you in a hole  
Just have faith and remember God  
He'll guide you along  
With his heart and soul

Remember brothers and sisters  
Problems a must  
It comes and goes any time  
So don't do wrong  
Just have faith and  
Trust in God

Those who saw the good seed  
Shall surely reap  
Plenty of food to eat  
For their family  
Eternally
