

Hot Chip, Out At The Pictures

It's on every street
it's fucking cheap
sometimes you find up in your mind.

are you at the pictures,
or out at sea?
it's better this way,
trust you, believe me.

Whe-the-whe-the-whe-the-whe-the-weather weather weather weather
(there's a whole world in there)
Whe-the-whe-the-whe-the-whe-the-weather weather weather weather
(just don't stop and stare)
Whe-the-whe-the-whe-the-whe-the-weather weather weather weather
(you will find gel there)
Whe-the-whe-the-whe-the-whe-the-weather weather weather weather
(there's a hole in the world there)

We like it for what we just got
it's better still
it's something hot

out at the pictures
I cannot see
it's better this way
trust you, believe me

Whe-the-whe-the-whe-the-whe-the-weather weather weather weather
(there's a whole world in there)
Whe-the-whe-the-whe-the-whe-the-weather weather weather weather
(just don't stop and stare)
Whe-the-whe-the-whe-the-whe-the-weather weather weather weather
(you will find gel there)
Whe-the-whe-the-whe-the-whe-the-weather weather weather weather
(there's a hole in the world there)
