

Hot Hot Heat, 5 Times Out Of 100

Five times out of a hundred
Tell me what my odds are
My heart isn't working

Five times out of a hundred
Tell me what my chance is
Romance is underrated

Five times out of a hundred
Tell me what my odds are
So far I'm not working

Five times out of a hundred
Tell me what my odds are

Hey, hey, hey
I don't wanna know
Say, say, say
I don't wanna go
stay, stay, stay
I don't wanna slow, slow, slow day

Five times out of a hundred
Tell me what my odds are
My heart isn't working

Five times out of a hundred
Tell me what my odds are

Hey, hey, hey
I don't wanna know
Say, say, say
I don't wanna go
stay, stay, stay
I don't wanna slow, slow, slow day

Stare on.
Don't let a glance be too short.
Don't stop.
Glances are a playground.
Stay around the sound of laughing boys.
Walk on around the table making noise.
Stare on! Oh no no no!
Stare on! Oh no no no!

I wanna turn the bathtub on and watch this house drown from the lawn
Turn this energy on
I wanna turn the bathtub on and watch this house drown from the lawn
I wanna turn this energy on
I wanna turn the bathtub on and watch this house drown from the lawn
Turn this energy on

Five times out of a hundred
Tell me what my odds are
My heart isn't working

Five times out of a hundred
Tell me what my chance is
Romance is underrated

Five times out of a hundred
Tell me what my odds are
My heart isn't working

Five times out of a hundred
Tell me what my odds are

Hey, hey, hey
I don't wanna know
Say, say, say
I don't wanna go
stay, stay, stay
I don't wanna slow, slow, slow day
