

# Hot Hot Heat, Give Up?

They all warned me to stay out  
Stubborn, stupid, scarred and proud  
Don't try to warn me  
Don't try to warn me  
Don't try to warn me I say  
I make my own mistakes  
Don't care how long it takes  
I'll make my own mistakes again  
But all I know is all I got is

Frustration, frustration  
I hate this vacation  
So give up (give up)  
Give up (give up)  
I've got to get away from here  
It's killing me just thinking 'bout
