Hot Hot Heat, Give Up?

They all warned me to stay out
Stubborn, stupid, scarred and proud
Don't try to warn me
Don't try to warn me
Don't try to warn me I say
I make my own mistakes
Don't care how long it takes
I'll make my own mistakes again
But all I know is all I got is

Frustration, frustration
I hate this vacation
So give up (give up)
Give up (give up)
I've got to get away from here
It's killing me just thinking 'bout

Frustration, frustration
I hate this vacation
So give up (give up)
Give up (give up)
I've got to get away from here
It's killing me just thinking 'bout it

They all warned me of her crime
Cut your losses while there's time
Don't try to warn me
Don't try to warn me, i said
I make my own mistakes
You don't know what she's like
I'll make my own mistakes again
But all I know is all I got is

Frustration, frustration
I hate this vacation
So give up (give up)
Give up (give up)
I've got to get away from here
It's killing me just thinking 'bout

Frustration, frustration
I hate this vacation
So give up (give up)
Give up (give up)
I've got to get away from here
It's killing me just thinking about it

They all warned me to stay out
