

# Hot Rod Circuit, At Nature's Mercy

Hard not to get hooked, hooked on you.  
Hard not to get hooked, hooked on you.

Think of all the trouble that we get into whenever I'm around you,  
Nothing I can do.  
All the secrets and mistakes that were made,  
What else do I have to say?  
I hate being without you.

Never gonna leave your side,  
Cause I can't resist the crazy things you do.  
It's gonna take a lot of your time,  
And I hope someday I can get it back to you.

Think of all the trouble that we get into  
Whenever I'm around you  
Nothing I can do.  
All the secrets and mistakes that were made  
What do I have to say?  
I hate being without you

Never gonna leave you side  
Cause I can't resist the crazy things you do.  
It's gonna take a lot of your time  
And I hope someday I can get it back to you.

Hard not to get hooked, hooked on you.  
Hard not to get hooked, hooked on you.

Think of all the trouble that we get into whenever I'm around you  
Nothing I can do.  
All the secrets and mistakes, yeah, that were made  
What else do I have to say?  
I hate being without you.

Think of all the trouble that we get into whenever I'm around you  
Nothing I can do.  
All the secrets and mistakes, yeah, that were made
