Another late night drive by you - I miss you so much  
I know it's stupid but I'm saying this to you - I mean it too  
Another late night drive by you - I miss you so much  
I know it's stupid but I'm saying this to you - I mean it too

I'm seeing double and I know that I'm in trouble  
I can't wait to see you standing there

Falling flat on my face - it's the best I can do  
I hear you laughing and the smile on your face  
is assurance that you need me here  
Can't you see that I'm doing the best I can do

I'm kind of clueless and I hope you know this  
Without each other then my heart will surely break  
Another late night drive by you - I miss you so much

I'm seeing double and I know that I'm in trouble  
I can't wait to see you standing there  
Falling flat on my face - it's the best I can do  
I hear you laughing and the smile on your face

Can't you see that I'm doing the best I can do

Another summer passes on  
You're still with me you're still going strong  
Another summer passes on  
You're still with me we're still going strong

I'm seeing double and I know that I'm in trouble  
I can't wait to see you standing there  
Falling flat on my face it's the best I can do  
I hear you laughing and the smile on your face
