

# Hot Water Music, Bound

been dragging for so long  
(do i care)  
trying to find my way  
(is this fair)  
full of mistakes i'll make again  
(should i wait)  
got my head up my ass find it there day after day  
never know what i'm heading for  
(see it through)  
they have too many questions  
and i don't have any answers  
i just got a headache another drunk  
i got the beat down babe  
i got the sickness  
i got it all but i got it floored:loyalty
