

Hot Water Music, Bound

been dragging for so long
(do i care)
trying to find my way
(is this fair)
full of mistakes i'll make again
(should i wait)
got my head up my ass find it there day after day
never know what i'm heading for
(see it through)
they have too many questions
and i don't have any answers
i just got a headache another drunk
i got the beat down babe
i got the sickness
i got it all but i got it floored:loyalty
