

# Hot Water Music, Seein' Diamonds

I remember seein' diamonds  
What ever happened to them?  
You smashed them all when you flew away  
You just fought everyday  
Later console talkin' bitter  
You never believe it's the same  
Little War?

But it is the same  
Ohh try and rearrange  
But it is the same  
Don't try and rearrange

I remember early morning  
In the car on the side of the road  
You said you had something to say  
I crawled out with my head spinning  
I covered my ears to late  
Everything fell down on me

But I must say  
Ohh try and rearrange  
Ohh I must say  
Don't try and rearrange

Just returning  
Felt like mourning  
But I couldn't stay away  
I was holding back from you  
Just returning  
Felt like mourning  
But I couldn't stay away  
I was holding back from you

But I must say  
Ohh try and rearrange  
But I must say  
Don't change
