Because you got somebody now baby  
You treating me like a child  
You say "see you in the evening"  
Oh yeah that's all  
Honey see me in the evening  
Or you don't see him at all

Yes I ain't got nobody now baby  
We're sitting here all alone  
I ask would make up your mind  
And baby come home  
Boy I see you in the evening  
Oh yeah that's all  
I see you in the evening  
Or I don't see you at all

Yes I called my woman this morning  
I called her on the phone  
You called somebody, told me  
"Look ahere man, she really not at home,  
she said see you in the evening, oh yeah that's all  
she see you in the evening  
or she don't see you at all"

Yes I love you little old woman, I just can't help myself  
You know often time I'm crazy little old girl  
Your loving someone else  
Cause you see me in the evening, oh yeah that's all  
Cause you see me in the evening or you don't see him at all
