

# Hound Dog Taylor, The Sun Is Shining

(Elmore James)

The sun is shining  
Oh it's always raining in my heart  
The sun is shining  
Oh it's always raining in my heart  
We've been together so long  
And not long we got to part

It stirred me this morning  
She's a walkin' on down the street  
My baby this morning, man  
Walkin' on down the street  
Made me feel so good  
My poor heart lord, it skipped a beat

Now here it's 3 o'clock in the morning  
And my woman, she ain't come home (I'm gonna jump on you girl)  
Yeaaaah!! No my woman she ain't come home  
Don't tell me nothing  
I know that something is going on wrong
