

# Howard Jones, Don't Put These Curses On Me

Don't put these curses on me oh no you don't  
Don't put these curses on  
Don't put these curses on me oh no you don't  
Don't put these curses on

Don't curse me with the love of money  
It will burn me up and waste my time  
Don't curse me with the love of intellect  
You know it knots up my brain and makes me think that  
you know more than I do

Don't put these curses on me oh no you don't  
Don't put these curses on  
Don't put these curses on me oh no you don't  
Don't put these curses on

Don't curse me with the idea  
that work is good and holy  
It only took you to the grave with a bitter heart  
Don't curse me with this patriotic love  
of parents, ideas, country and wife  
You invite war into your home

Don't put these curses on me oh no you don't  
Don't put these curses on  
Don't put these curses on me oh no you don't  
Don't put these curses on

Don't put these curses on me oh no you don't  
Don't put these curses on  
Don't put these curses, these curses on me oh no you don't  
Don't put these curses on
