

Howie Day, Kristina

On the phone to Saturday
Where did you go
Cause the tequila from your kiss is still around
And you're down to remind me
Cause I know that you're away
But you're not gone

Reeling inside
She wants to call
And she can spin my motivation like a record off the wall
Don't you try for anyone but yourself
But you do for me, don't you

I can feel it's on your mind
Kristina falls down to the floor
She is fine and it's alright
She says to me
I'm drowned and drunk in you
No one had ever looked at me like you
Before you did

Did you know
That if you go
Town the plainside
I will be there waiting for you
At the top of the stairs
And you will be so beautiful
Yeah

And I can feel it's on your mind
Kristina falls down to the floor
She is fine and it's alright
She says to me
I'm drowned and drunk in you
No one had ever felt like you
Before you did
Before you did
Before you did

Oh

And Kristina said
Let's have your
Party in September
And I dont know why
You try to be so real
Why you try to be

Did you know
That if you go
Down the plainside
I will be there waiting for you
At the top of the stairs
And you will be so beautiful

Yeah

And I can feel it's on your mind
Kristina falls down to the floor
But she fine and it's alright
She says to me
I'm drowned and drunk in you
And no one had ever looked at me like you
Before you did

Before you did
Before you did
