

# Huey Lewis & The News, Tell Me A Little Lie

Johnny Colla / Huey Lewis

Tell me a little lie to remember you by.  
Just a little lie to remember you by.  
Please don't tell me, that you're sorry.  
Tell me I was the one and only  
It doesn't matter if you mean it  
I'll keep a little lie between us.

Just a little lie to remember you by.

Tell me a little lie to remember you by.  
Just a little lie to remember you by.  
Just a little one to believe in  
Tell me that you never leavin'  
We may never, be together  
But your little lie will last me forever

Ooh, tell me one.

Just a little one to believe in  
Tell me that you never leavin'  
We may never be together  
But your little lie will last me forever

Ooh, tell me another one.

Tell me a little lie  
Tell me a little one

Tell me a little white lie to remember you by.

Tell me a little one Tell me a little another
