

Huey Lewis & The News, You Left The Water Running

(R. Hall, D. Penn, O.Franck)

Chorus:

You left the water running

When you left me here behind

You left the water running

Running from these eyes of mine

Running from these eyes of mine

You turned off the life and love

And left with another guy

You turned off all of your love from me

But you forgot to turn off the cry

You forgot to turn off the cry

You pull the shades a way down low

You disconnect the telephone

Oh baby, but these tears, a-running from my eyes

You can't turn 'em off any, no

No you can't turn 'em off any, no

(brass solo)

Chorus

You locked the door, left my heart outside

And then you threw the key away (tell 'em Colla)

But you'll regret and you'll be upset

When you get your water bill to pay

When you get your water bill to pay

Chorus
