

Hugh Cornwell, Leave Me Alone

Leave me alone
Gimme some space
Give it the zero
Got out of my face
Just take a powder
Swallow it whole
Just take a walk
Out into nowhere

Leave me alone

Been here before
It always ends up the same
Got nothing to say
It's all got to do with fame
Give me a new road
Tell me it's paved with gold
Just take a flight
Up into foreign skies

Leave me alone

Don't care what you do
Seems like it's all the same
Spare me your garbage
Spare me your shame
Go take a hitch hike
Go take a B road
Go take the dirt sleep
Go carry the can

Leave me alone
