

# Hugh Jackman, Suddenly

Suddenly you're here  
Suddenly it's dance  
Can two itches hearts beat as one  
Yesterday I was alone  
Today \_\_\_ all I need  
Something still unclear  
Something \_\_\_  
Has began \_\_\_

Suddenly the one  
Thinks of different place  
Somehow full of grace  
Full of light  
How was I to know that  
So much hope  
Is? all I need  
What is past is gone
