

Hugh Laurie, There ain't but one way (Kickin' Ass)

Well, the world is facing problems getting bigger every day,
They've got a greenhouse over Texas and recession's on the way,
Although people tell you that this planet's dying fast,
Well, I ain't seen a problem yet can't be solved by kicking ass.
Kickin' ass, (KICKIN AY-ASS)
Kickin' ass is what we do,
Kickin' ass, (KICKIN AY-ASS)
Iron foot in the velvet shoe.
We don't care whose ass we kick, if we're ever all alone,
We just stand in front of the mirror, and try and kick our own.
Well, we kicked ass in Grenada and we kicked ass in Iraq,
We kicked the ass out of the ozone layer, now they say we've gotta kick
it back,
We'll kick the ass of cancer and we'll kick the ass of AIDS,
And as for Global Warming, well, just kick ass wearing shades.
Kickin' ass, (KICKIN AY-ASS)
Kickin' ass is what we do,
Kickin' ass, (KICKIN AY-ASS)
Iron foot in the velvet shoe.
We don't care whose ass we kick, if we're ever all alone,
We just stand in front of the mirror, and try and kick our own.
Well, you can haul your ass or shut your ass or bust an ass is fine,
And there ain't no better place to put your ass than on the line,
But if you're like us, (YEE-HAA!) Thank you,
And you won't take second best,
You'll put your kickin' boots on, and kick like all the rest.
Thankyou.
(AWOOOOOOOO! SING THE SONG, VERN!)
