

Hughes Turner Project, Dark Days

DARK DAYS
(Turner/Kajiyama)

Living on the wrong side a gun
We've got no place left to run
Desperation closing in
Situation we can't win
Living on the wrong side of a gun

Say a prayer tonight - That the children will be free
Send the world a light - And a reason to believe

Right now it's just you and me
And this dark days

It's suicide here everyday
Out on the streets there's hell to pay
Everything is going hazy
Everyone is going crazy
It's suicide here everyday

Say a prayer tonight - That we shall be released
Send the world a light - Maybe someday we will see

Right now it's just you and me
And this dark days
