

Human Waste Project, Drowned

As I fell through
Through the hole
Everything grew
Grew whiter
And stranger as as I fell
Through the hole and everything was
I can't find up, I cant find anything

I felt your hand as I fell
Through the hole and everything
Grew darker and and stranger
I knew i was never coming back
I
Can't
Find
I can't find up, I can't find anything
I can't die in water

This sharp stinging word and
And my screaming delight
Birth of the day and the end
Of the night

I'm waiting for the bottom that never comes
I'm waiting for the bottom that never comes
I'm waiting I'm waiting I'm waiting I'm waiting I'm waiting
Waiting
Waiting
I'm waiting I'm waiting ah yeah
I
Can't
Find
I can't find up I can't find anything
I can't die in water

I
Can't
Find
I can't find up, I can't find anything
I can't die in water...
