

Huntingtons, I'm Not Going Downtown

knucklehead you think you're foolin'
i know why or what you're doing
you wanna fight and cause some trouble
you need a ride and I'm the one, oh
responsibility has got the best of me
i wish i never had might not have been so bad

i'm not going downtown (don't even think about it)

responsibility had made a mess of me
i wish i never had might not have been so bad
