

# Hurricane #1, Slow Speed

Total awareness cuts through the pills  
that hide the appearance of pain  
the doctor says shock  
and he gives you a shot  
sends you home plugged into the mains???

But I wanna see,  
what it does for me  
Slow speed is all we know.  
It's all we know.

Our comet is drifting out of control  
but nothing it proves anymore  
heros are falling in a blink of an eye  
as we freeze frame from here to the floor

But I wanna see,  
what it does for me  
Slow speed is all we know.  
It's all we know.
