Come to me baby
holdin my hand
Come to me baby
Lovin a man
I give you lovin
Feeling my pain
You tell me nothing
I go in vain
I hit the road im in the mood
I gotta see somebody
Turn out your love
And whatll you do , honey?
If i start
I know i love you
But guess im but jokin
Come to me baby
Tell you no lie
Come to me baby
Dont ask me why
Someone says that
You movin away
I tell you if im
Seein a lay
