Hurts, Evelyn

I don't mind, If your hand's a little cold. Cause I'm alive, But I got nowhere to go.

So stay with me Evelyn. Don't leave me with the medicine.

In the night
As you sit and watch me sleep
I know you cry
But I never want to see.
So if you go
I don't know what to do.
So don't you go
Cause I've got no one but you.

So stay with me Evelyn. Don't leave me with the medicine. [x2]

I see the lights
Casting shadows on my screen.
And I don't mind
The lullabies from the machines.
But if you go
I don't know what I'll do.
So don't you go
Cause I've got no one but you.

So stay with me Evelyn. Don't leave me with the medicine. [x2]

I'm more afraid than I've ever been, So stay with me Evelyn.
