

# Husky Rescue, Shadow Run

Hey my girl, let's run together  
Shadow nights will last forever  
Dark night, black light, shadow nights  
Girls and boys ran out tonight  
Shadow boys, dark finger snaps  
Black dark alley, it's the shadow claps  
Echoes whispers silent voice  
Sounds of shadow, the shadow voice  
Girls, get ready  
The night is young  
Shadow girls are on the run  
Girls, get ready  
The night is young  
Shadow boys are on the run  
Girls, get ready  
The night is young  
Girls, get ready  
The night is young  
Shadow boys are on the run  
Girls, get ready  
The night is young  
Shadow boys are on the run  
Girls, get ready
