

# Hypo Psycho, Public Enemy No. 1

Ever since I was young  
The teacher said  
I'd never come to much  
But what you know, it's goin down  
And still I claim it was just an accident  
I hate my mum and I hate my dad  
Cos they moved home without telling me  
I drive them crazy and I drove them mad  
My name is Mike but they call me Damien  
Refren  
Public Enemy it's so good to be  
Public Enemy No #1  
Cause the felony and fertility  
That's the life for me  
On the run  
We're doing it just for fun  
Public enemy No#1  
I quit my job  
Cause I was caught on the desk  
With the boss's wife  
So I guess we'll be calling off  
My wedding to the boss's every starter  
I start a riot everywhere I go  
I make em look good on the Jerry Springer show  
But what the hell I just bleed insane  
My name is Mike but they call me Damien  
Refren  
So maybe I'm a little misunderstood  
My social worker says one day I'll be good  
But let me tell you the truth  
A rude boy's gotta be, gotta be, gotta be  
[Instrumental]
