

Hypocrisy, Blinded

Try to run and hide; they'll get you.
The shadows arrive
Now it's too late
Blinded by God

The hell, man, it's here
Ooh, millions scarred in vain
Time is running out
There is no way to escape
and you chose the pain
Whoa!

?? and face the dead
Ooh, nothing will be the same again
Blinded by God

The hell, man, it's here
Ooh, millions scarred in vain
Time is running out
There is no way to escape
and you chose the pain
No escape

Out of darkness
Death is here
Burn the cross
The end is here

The hell, man, it's here
Ooh, millions scarred in vain
Time is running out
There is no way to escape
and you chose the pain
