

Hypocrisy, Mind Corruption

First they come to your rescue,
to drag you of the streets.
They'll give you food and shelter,
to leave you to bleed.
They'll take all your money.
Destroy all your clothes.
They'll kill you for religion,
then go looking for more.

(chorus)

they are waiting for rebirth.
A release from the demon,
whom they need to slave them to the one.
Blow away that asshole,
they will use until you die.
That great one that convents you,
they will let up in Paradise!
(end of chorus)

That thing is old.
They seal off your mind, too.
Don't know!!!
You can see you're none of the true.
Another way burns of the youth,
to burn all the life.
They fill you up with a
No one will you
