I See Stars, The Big Bad Wolf

Stop and save your voice girl You're the only one that has control, so choose I don't know what to say to you The answer's out there, I'm just putting this out there That it's your turn here pretending you care I understand the way you move and the things you do If you could just tell the truth maybe I could be with you Stop and save your voice girl You're the only one that has control, so choose We are the movies, snap fingers and we're on a floating carpet Scoot through the scenes, we are invisible for now I'm the big bad wolf See the pigs, they run in horror Don't build your house out of grass Or I'll blow you away Stop and save your voice girl You're the only one that has control, so choose I'm not gonna let you get to my head Can you please stop listening? I have just stopped listening I understand the way you move and the things you do If you could just tell the truth maybe I could be with you Only in the movies can you see the creatures in front of us There's no stopping them, there's no stopping them Stop and save your voice girl You're the only one that has control, so choose We are the movies, snap fingers and we're on a floating carpet Scoot through the scenes, we are invisible for now Cut the tall trees Whats havocs come to route You can't blow down my house I've seen your future And it falls apart
