

IAMX, You Stick It In Me

You stick it in me, then you go to her

You stick it in me, then you go to her

You stick it in me, then you go to her

Then you touch me, life question [2x]

You touch me, my voice breaks

Crawling in the grass i fake rape.

I love you, you sex clown

I try to fill the hole where you clamp down

I have blood, so hurt me

I have blood, so hurt me

I have blood, so hurt me

I have blood, so hurt me
