

# Ian Eskelin, Taboo

For the sake of argument  
Say Jerry Springer were the president  
&quot;No Inhibitions!&quot;  
The national theme  
There&#039;d still be one thing  
Makin&#039; Donahue scream

&quot;Taboo!&quot;  
We&#039;ve come to the last  
Taboo  
There&#039;s an audible gasp  
When you claim there&#039;s a God  
Who&#039;s objectively true  
It&#039;s taboo

Party on, let freedom ring  
For the shock jocks and the gangsta kings  
But mention Jesus in the public square  
The tables turn and the tempers flare

Taboo  
That&#039;s a no-can-do  
Taboo  
The A.C.L.U.  
Say when we sneeze  
Could we please  
Drop the &quot;God bless you&quot;  
It&#039;s taboo

God isn&#039;t really dead  
He&#039;s under house arrest  
Will Amnesty protest?  
No I don&#039;t think so

I could kiss a kangaroo  
Sic my Spitz on your Shih Tzu  
No one blinks at anything I do  
Until I claim the resurrection is true

&quot;Taboo!&quot;  
I&#039;m breaking the last  
Taboo  
How about you?  
Do you claim Jesus&#039; name  
As the ultimate truth?  
Taboo
