

Ian Hunter, Skeletons (In Your Closet)

(Ian Hunter/Darrel Bath/Honest John Plain)

(Transcribed by Adrian Perkins; corrections by Colin Ford)

Bimbo, flirts, sluts in skirts - muscles brightly glisten
Conversation's full of filth - let's all have a listen
Oh dear oh dear we live in fear
Media bulbs a poppin'
If you're bent, they're on your scent
There can be no stoppin'

Peroxide blondes, vagabonds, into 'eavy metal
Your hair looks like its been done by a dyke with a score to settle
Mud needs raking, photos taken of your murky past
Haunts you, taunts you, love it don't you

Hey hey the gang's all here
Pimps 'n' pervs, straights 'n' queers
Enquiring minds want to sneer at the skeletons in your closet
Sunday morning in the park,
Down the pub or in the bath
We'll all have a good old laugh
At the skeletons in your closet

Skeletons in your, skeletons in your, skeletons in your closet
Skeletons in your, skeletons in your, skeletons in your closet

It's bloody marvellous - innit?
It's bloody marvellous - innit?

Juicy bits, saucy snips, there's gold in them there gutters
Blue rinse mob on the job, curtains all a-flutter
It's cheapo culture, bleeding ulcers, burnt out by the score
Lurid tales never fails to shock you to the core
Kinky boots 'n' rubber suits,
It's all going on next door!
Caught you, taught you, love it don't you

If you've had your face re-done
If you spank your girlfriend's bum
We can all join in the fun
At the skeletons in your closet
What's the world coming to?
Ain't we got nothin' better to do?
To spend all day sifting through
The skeletons in your closet

Hey hey the gang's all here
Pimps 'n' pervs, straights 'n' queers
Enquiring minds want to sneer
At the skeletons in your closet

Skeletons in your, skeletons in your, skeletons in your closet
Skeletons in your, skeletons in your, skeletons in your closet
Skeletons in your, skeletons in your, skeletons in your closet
Skeletons in your, skeletons in your, skeletons in your closet
Skeletons in your, skeletons in your, skeletons in your closet
Skeletons in your, skeletons in your, skeletons in your closet
Skeletons in your, skeletons in your, skeletons in your closet
Skeletons in your, skeletons in your, skeletons in your closet
