

Ice Cube, Go To Church (Clean)

...you need to stop snitchin!
All that yip-yappin and jaw-jackin'
...if you scared, go to church
You knew the job was dangerous when you took it.
Whattup it's the big boss Dawg
B O W W O W Eastside L.B.C.
And I'm bobbin' to the beat of my O.G. homeboy Ice Cube
And I'm C-walkin' on the...concrete.

Yo if you're fought up, put your cups up
Ice Cube and Bow Wow, yeah westside
See he's a gangster, I'm a hustler
Yo it's either thank ya, or it's love ya.

I'm down with Little John ain't got to pretend. [Yeah!]
"Crunk Juice" ...run the club that you in. [Hey!]
You scary...don't wanna bring the ruckus. [Nah!]
You just spend all your time in the club tryin' to duck us. [Yeah!]
And if you walk by... I'm a knock fire...
From your ass, you can come try... [Hey!]
In the hood, all the way down South [Yeah!]
I ain't Mike Jones, keep my name out'cha mouth bitch [Mike Jones.]
We can get it crackin' if it get to clickin' clackin'
Look at Mr. Jackson...with no reaction
If you scared, go to church, we gon' hit you where it hurts
That don't work, we'll put you in the dirt
Cause a whole lot of rappers make a whole lot of noise.
[Hey.]
Lyrics full of steroids, ... paranoid. [Hey!]
And when you get that blowup, it make you throw up
When you realize your favorite rapper ain't got no.
