if there were no tomorrows  
if there was just one more chance  
I'd take it again  
you know I'd take it again  
you turn and it's gone forever  
in time you forget  
you know that's love  
it's only love  
and no matter where the days have left you  
every day ends at the street cafe  
the street cafe  
and no matter where the road may take you  
every time it brings you back to the street cafe  
it's where you have to be  
well the people may come and go but  
here the street and the scene is just  
the way that it was  
the way that it was  
no nothing will ever change here  
maybe a smile reminds you  
now and again  
you wonder now and again  
when another night will take you nowhere  
you go down to the street cafe  
and any time you know the crowd can hide you  
the days end at the street cafe  
yeah the street cafe  
you turn and it's gone forever  
in time you forget  
you know that's love  
you know it's only love  
but no matter where the days have left you  
every day ends at the street cafe  
the street cafe  
and no matter where the road may take you  
every time it brings you back to the street cafe  
yeah the street cafe  
oh no no no  
no matter where the road may take you  
we'll meet again someday  
you know we'll meet someday  
someday at the street cafe
