====English====

&lt;/lyrics&gt;  
SUPER ROBOT SPIRITS  
Ignite justice, hang onto this burning course  
SPIRITS OF STEEL  
Spirits of steel is a real man's dream

Invaders after Earth  
A great army of evil taking over the universe  
No matter how strong the enemy is  
I'll never run, into the storm, now take off!

(Revolver Cannon!)

Steel, gangan!  
Dash dandan!  
Now run!  
My kind friend it will be a short farewell  
Ultimate, gangan!  
Punch, banban!  
Now shout!  
I believe in the heart of metal  
Our friendship  
SUPER ROBOT SPIRITS  
Let's go, gangan!

SUPER ROBOT SPIRITS  
Ignite this life, this burning red blood  
SPIRITS OF STEEL  
Spirits of steel, the undying dream

The blooming earth, the memories of the wind  
We don't need tears to stain the burned cities anymore  
To crush evil-doers  
Train yourself, silence your heart, training, war-demon, shoot!

(T-LINK Knuckle!)

Steel, gangan!  
Dash, dandan!  
Now anger!  
My friend in arms combine our fists  
Gale, gangan!  
Kick, banban!  
Now roar!  
The prayer for peace, this hot fighting spirit  
Our promise  
SUPER ROBOT SPIRITS  
Let it fly, gangan!

(spoken)  
One day when you fight  
Please remember.  
-The courage to never run.  
The kindness to protect.  
That's the spirit of steel!

OK! Let's go!!

Steel, gangan!

Dash dandan!

Now run!

My kind friend it will be a short farewell

Ultimate, gangan!

Punch, banban!

Now shout!

I believe in the song of victory

Our day break

**SUPER ROBOT SPIRITS**

Let's go, gangan!
