====English====

</lyrics>
Oh In the endless space
Ah An never ending Story

Yes, even the stardust above
Their eyes Shine begin to weep

Love, An overflowing passionate emotion
Love, Not realizing what it is

Fight! Crossing over time, the fighting warriors
We go, Super Robot Wars
Flash! I give you my back even my life
They are yours

If justice is our promise
Win Victory, Love, Take flight

Oh The shining aura
Ah Shows silver wings

Now, the flag of courage and hope
Spread it Fly with all your might

Love, The day we welcome rest
Love, I want to believe it

Fight! Crossing over time, the fighting goddess
Burn, Super Robot Wars
Dash! Shoulder to shoulder we exchange smiles
We combine our hearts

If peace is our one prayer
Win Oh Future, Love, Shine

Fight! Crossing over time, the fighting warriors

We go, Super Robot Wars
Flash! I give you my back even my life
They are yours

If justice is our promise
Win Victory, Love, Take flight
Win For our dreams for you
Win Risk everything Power Max!!
