

Icon Of Coil, Everlasting

Feels so real, can't see it clear
Right in the path of this mind
Anywhere, anytime
Ability to make you see

We count every single second
Just waiting for a day
Where we all wake up, just to fade away
No use in leaning back and let it head our way
'cause we'll all wake up, just to fade away

Touch the screen, plug me in
Just press the key, velocity
Record my life, design my fear
That's why I brought you here
To make me care

We count every single second
Just waiting for a day
Where we all wake up, just to fade away
No use in leaning back and let it head our way
'cause we'll all wake up, just to fade away
No use in leaning back and let it head our way
'cause we'll all wake up, just to fade away

Remove the shades it's not like it seems
Fatality, go with your dreams
Hypnotize, interfere..
That's why I brought you here, to make me care

We count every single second
Just waiting for a day
Where we all wake up, just to fade away
No use in leaning back and let it head our way
'cause we'll all wake up, just to fade away
